

a \$2000 debt contracted by the institution under the guidance of the late Rev. and C. W. Balmsted, superintendent of Northern Missions, in north California, has been placed in temporary charge in the hope that he will be able to bring some order out of chaos.

His trustees say that while Mr. Balmsted was in charge the school had been led toward a large institution, although his resources were limited and in consequence contracted many obligations for which it was vital to a small school.

# HENEY LOSES GROUND TRYING TO DEFEND HIS FRIEND AND BACKER, RUDOLPH SPRECKELS, IN COURT

Attorney King Wanted to Know of Court How the "Bard of the House of Spreckels" Was to Be Considered in the Calhoun Case.

(Continued From Page 1.)

financial necker of the so-called graft prosecution, Francis J. Heney started off the Calhoun trial this morning with a display of verbal fireworks. The air seemed to be literally surcharged with hot words and epithets were hurled back and forth between counsel for several moments. It was during the first ten minutes of the proceedings, Edward Cornelius, president of the Carriers Union, was on the witness stand his cross-examination having just been concluded by Attorney Henry Moore. The defense had brought out that he had had a conversation with Spreckels about three weeks after the famous strike of 1907.

"State what was said in this conversation you had with Mr. Spreckels three weeks after the strike began," asked Heney.

Attorney Moore objected and explained that the defense had carefully refrained from asking for that conversation and that he thought the prosecution had no right to inquire about it.

## To Call Spreckels

"We have every right," said Heney. "We've thrown down the bars to them. We've invited them to take good on their insinuations against Mr. Rudolph Spreckels, and they have backed down. We are going to put Mr. Spreckels on

the stand and then they can tell everything about him from the time of his birth down to the present time.

"That's so good of you," interjected Attorney A. A. Moore. "May it please your honor," began Attorney King, "are we dealing with the district attorney or with a bird of the house of Spreckels? It seems that his name cannot be mentioned without Mr. Heney going off into a discourse, losing his temper and becoming very violent. The idea of letting this witness loose to testify to matters between himself and a third party outside of the presence and hearing of the defendant would be unheard of."

## Throwing Bars Down

Proceeding with the testimony, Cornelius declared that he had told the meeting of the union at night and that he had been the greatest number of men could get off duty and be on hand.

Heney then asked him if he had participated in the primary election of 1905. Attorney Moore objected in the following words:

"The last two or three days and for two or three days to come, this case is to take the shape of the rehabilitation of the reputation and motives of the persons whose names have caused the sea of this case. What in the world has that issue to do with this case? There is a tribunal before which the strike can be tried. But this jury is brought here to listen to this case. Heney has announced that he will

bring Mr. Spreckels down and that they will throw the bars down. We prefer to have the bars down, because every time he does throw the bars down he is beaten. If he does not know it he is in a dreamland."

Attorney Heney protested that the defense desired merely to touch upon the meeting between Cornelius and Spreckels and then leave it right there until they come to the argument. He said that they were trying to prove a conspiracy between President O. H. Rudolph Spreckels and Heney to acquire the United Railroads and destroy the United Railroads, and that Mr. Heney was the principal attorney of Mr. Spreckels, paid to do it.

Attorney Rogers took exception to this, called it an argument to the jury, and assigned it as not competent, requesting Judge Taylor to instruct the jury to disregard it. The court stated that it had already informed the jury that they should consider nothing that was said by either counsel or witness.

Heney argued at length that the question regarding the conspiracy between Spreckels and Heney was competent to be brought out, but Judge Taylor disagreed with him.

"I have no desire to allow you will permit me to state that this is a direct examination that was not brought out in cross-examination," he stated.

O'Connell reminded that the defense had carefully avoided asking for the conversation in question, and his honor agreed that he felt that view and that the objection would therefore be sustained.

Heney sent forth a protest and loudly took issue with the court, according to his custom. Judge Taylor seemed slightly piqued by this and announced:

## Tell All He Knows

When Mr. Spreckels takes the stand he will be given the opportunity to explain anything he may desire and will be allowed to answer fully in regard to any matter that may be brought out leading to impugn his rectitude.

O'Connell and Heney wanted to talk some more but the court refused to let them do so, and they retired in disgust, directed that another question be proposed.

During all this controversy, Mrs. T. J. Calhoun, at present the most interested spectator in the court room, was up in the front row, beside Mrs. J. J. Rogers. She was sitting in a handsome carriage of new style and with a large hat to match, and continually smiling and chatting with her companion over the legal battle which was being waged before her.

Heney did not look at all into the book, turned to a page 104 August 8.

"Take a look at that," he ordered, speaking to the witness. "Are there any other spots on there that you did not put on?"

He is not a fly," retorted A. A. Moore while the exhibit was being valued with mirth.

Thorough Burlesque

Heney could not find another page with a blot on it and he was forced to say that he was not going to put in another blot in the book.

This proceeding was a farce and a burlesque, and the public was amused by it.

"What is this but a comedy?" said the prosecutor.

The witness then turned to the book and found that you had a blot on that day.

Yesterday's Session

SAN FRANCISCO, May 13.—The trial of the case of the United Railroads against the Carriers Union went on yesterday.

It was not necessary to suppress facts in order to make a statement to the court, he declared.

This ended the questioning and the witness was released.

With the last part of the examination was in progress, Mrs. Margaret A. Calhoun, daughter of the defendant, came into court and took a seat to the right of Mrs. Rogers opposite her mother.

RETURNS OF SHOW GO TO BOYS' CLUB

Chinook Organization Gives Entertainment to Procure Funds

BERKELEY, May 12.—In response to the demands of a large number of West Berkeley boys, Miss Phoebe Binney, who has charge of the Chinook Boys, an organization of West Berkeley boys, has arranged an entertainment in Guild hall, West Berkeley, tonight. The proceeds will be devoted to the extending of larger quarters for the boys' clubs, which is daily receiving applications for membership and has far outgrown the building now used as a club house.

The Chinook club was organized four years ago and has been under the direction of Miss Binney, former president of the women's students at the university since that time. She is a member of the class of 1906 and the Alpha Phi sorority. The club takes in all branches of athletics and is one of the most popular organizations in Berkeley.

ETHEL LEE SENT TO PRISON FOR 3 MONTHS

Ethel Lee was found guilty of simple assault in the criminal division of the Superior court last evening, and Judge Brown sentenced her to three months in the county jail. During a row with Rosa Jackson, another colored woman, she slapped the latter with a knife. She was tried for assault with a deadly weapon with intent to commit murder, but the jury saw fit to return a verdict for the lesser crime.

The New York Evening Post requests to note that conversation has become a lost art. However, there seems to be ample conversation left for all practical purposes.

GROVE STREET LINE TO RUN TO OCEAN VIEW

BERKELEY, May 14.—The Oakland Traction Company has put into plans for an extension of its Grove street system, whereby the cars that now have a terminal at Northside will continue northward and thence westerly running through the new town of Ocean View.

The new cross-town line will be the first one constructed in the latter city, and will be the means of giving it better and increased transportation facilities.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually burdens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S.S.S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S.S.S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

## WANT THE TRUTH ABOUT HENRY

Attorney-General Asked to  
Give Figures About the  
Prosecutor's Pay

Patrick Calhoun's attorneys having requested for use by legal motions that Attorney-General Wickesham give them an official statement of the sums paid by the government to Francis J. Heney during the time he has been engaged as special prosecutor in the graft cases, Heney has made public in the correspondence between himself and the Attorney-General, Heney tells the Attorney-General to furnish the information if he thinks proper, but characteristically says the information asked for is to be used for false and malicious attacks on him. He does not state, however, how an official statement of the facts can be "false and malicious."

### Ask For Telegrams

The first is a telegram from Attorney-General George W. Wickesham, dated May 12th, and reads as follows: "Francis J. Heney, San Francisco, Cal.—I have received your application to department for leave to examine bills showing payments made by department to you during past four years, especially during months of April and May, 1907, for use in motions to be made in San Francisco. I have any objection to such information being furnished them?"

"GEORGE W. WICKESHAM."

### Heney's Reply

The answer to this inquiry, which is dated May 13, follows: "Hon. George W. Wickesham, Attorney-General, Washington, D. C.—I do not believe that information is desired for purpose named, as it could not possibly be competent, material or relevant. It is intended for false and malicious attacks on me in newspapers subsidized by Patrick Calhoun and financial interests represented by him. I have no objection to full and complete information being given as to any accounts of mine for April and May, 1907, which is only period during which, by wildest stretch of imagination, matter could be material. Moreover, I have no objection to your giving on full and complete information as to any and all of my accounts, and any and all of my actions, or reports to any person on earth which, in your opinion, may or might be given."

### Pay From Government

The reason for the foregoing request, which previous correspondence shows was made by counsel for Patrick Calhoun upon the Attorney-General's office, is reported to be that Heney had several times denied that he was employed by or received pay from the government at the same time that he was acting as an assistant in the district attorney's office in this city and county. The request on the attorney-general's office is said to have been made for the purpose of determining the correctness of that statement. In February last a story was published in coast papers that Heney had received some \$65,000 from the federal government, in the capacity of an assistant attorney-general, between the dates of July, 1901, and January, 1909, during a part of which time he was acting as an assistant district attorney in San Francisco under a charter which provided an officer of this city and county from being under the federal government.

### Money For Heney

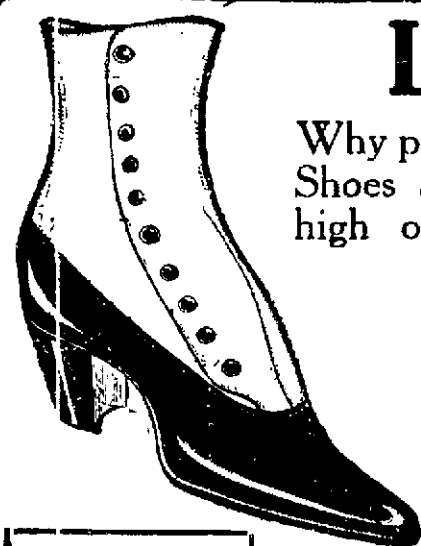

Some of the payments made to Heney during this time are reported to have been as follows: July 6, 1904, \$5000; March 10, 1905, \$5000; August 10, 1905, \$5000; February 3, 1906, \$7500; August 21, 1906, \$7000; August 9, 1906, \$5000; December 26, 1907, \$5000; March 2, 1908, \$8000; July 6, 1908, \$10,000; January 21, 1909, \$5000. Total, \$85,000.

Counsel for Calhoun refused to state last night whether Heney was correct in his surmise that his information "is intended by him" or for other purposes.

tended for false and malicious attacks on me in newspapers subsidized by Patrick Calhoun and financial interests represented by him" or for other purposes.

## SUNDAY'S DESSERT

Here's where  
Lehnhardt breaks  
all past records on his 50c Sunday Desserts.

—If you miss getting Lehnhardt's 50c Dessert next Sunday you miss the best dessert he ever made.  
—It will consist of a full quart brick containing one layer each of:  
Delmonico Ice Cream  
Fresh Strawberry Ice Cream  
Hawaiian Pineapple Ice Cream.  
—You all know what our Delmonico ice cream is. It is the rich golden ice cream that had more to do with making our Sunday desserts popular than any other flavor. It is a wonderful receipt.  
—The Strawberry ice cream is made of fresh, firm, carefully selected Watsonville berries, crushed and frozen with the purest and heaviest berry cream.  
—The Pineapple ice cream is made of heavy pastry cream frozen with the juice of crushed Hawaiian pineapples. This layer is exceedingly fine. Notice this is not water ice, but Pineapple Ice Cream.  
—All three of these layers come in one brick.  
—Although it is very expensive to make, we will not advance the price, feeling assured that the appreciation of those who get it for 50c will more than compensate us for the extra expense.  
—This is a great chance to make a big success of Sunday's dinner.  
If you call and carry the brick home Sunday, ..... 50c ea.

## EAMES ENDS SUIT AGAINST STORY

Action to Recover Household Goods From Former Husband Dropped

NEW YORK, May 14.—The last link connecting the name of Emma Eames with that of her former husband was broken yesterday, when Supreme Court Justice Davis signed an order precluding the attorney to discontinue the suit entitled "Emma Eames vs. Julian V. Story," which has been pending for more than a year. The suit had to do with a quantity of household effects belonging to the singer, which she alleged her artist husband had refused to turn over to her when they separated.

While the divorce suit, which was brought in Westchester county in 1907, was pending it was agreed, Mrs. Eames declared, that she would deliver her personal effects at his home in Paris and at Vallembrona, Italy, on the understanding that she was to remove them. Through some hitch she never obtained possession of them, and after the divorce decree was signed in her favor she began action to recover them.

## NO MORE BROMO SELTZER FOR CITY'S PRISONERS

At a meeting of the auditing and finance committee of the City Council last night, Councilman Albert H. Elliot took exception to supplying the prisoners at the City Jail with bromo-seltzer and other delicacies in the way of drugs. The bill for one week amounted to \$25.16. "I am against giving prisoners bromo-seltzer," said Elliot.

According to the records of the police department there were eighty-one persons arrested for drunkenness for the same period. Just what the pro rata consumption of bromo for big heads was, did not come out, but Elliot thought that the drug bill should be considerably lessened.

## SOCIAL CLUBS UNDER THE BAN

Committee Rule Against Several Applicants, Alleging Too Much Gambling

The license committee of the City Council last night put a damper on several "social clubs" which incorporated for the purpose of evading the payment of a saloon license, by recommending to the Council that they be denied the privilege of selling liquor to members. Chief of Police Wilson was present and assured the councilmen present that if any of the clubs not authorized to sell liquor to their members violated the orders of the City Council, the men running the clubs would be arrested for selling liquor without a license.

The majority of the "social clubs" were conducted as saloons where drinks could be obtained at all hours of the day or night in violation of the city ordinance. Some of the places were notorious as gambling resorts but the doors being locked it was with great difficulty that the police were able to obtain any evidence against the clubs.

### Legitimate Places

The legitimate clubs, such as the Elks, Nile and Athenian Clubs, which are conducted purely for social purposes and not for profit, will not be disturbed.

Among those which the committee passed as legitimate and who may continue to serve liquor to members are the Elks Club, 1007 Broadway; Carlysle Club, 834 Wood street.

The clubs that failed to obtain the approval of the committee were the Oak Leaf Club, 408 Eleventh street; Olympus Club, 408 Seventh street; Idle Hour, West Oakland, Terminal Club, 1510 1/2 Seventh street and the Oakland Walters' Club. During the discussion it developed that ex-Policeman Christopher, who was recently dismissed from the department, had bought an interest in the Oak Leaf Club.

### Stachler Threatens

Councilman Stachler was of the opinion that the committee was discriminating, especially in the case of the Idle Hour.

"If you are going to discriminate," he said, "I will introduce an ordinance shutting them all down."

As Woodward, the colored president of the Idle Hour Club left, Stachler said: "You go ahead and sell liquor to your members. They cannot do anything to you."

After that Councilman Stachler refused to deliberate with the other members of the committee.

Liquor licenses were recommended to be granted to the following: Pioneers & Stuart, 318 San Pablo avenue; T. Muldowney, 122 Seventh street; Charles E. News, 1010 Washington street; J. J. Kelly and George Meltz, corner Eleventh street and Broadway; and J. Franklin, the Idle Hour Club, left, Stachler said.

## CORNELL'S BOOKS SHOW SHORTAGE

Secretary of Pioneer Garage Arrested and Makes a Confession

W. J. Cornell of the Pioneer Garage Company, of 901 Golden Gate avenue, was arrested last night on a charge of embezzlement, and made a confession. He gave \$400 bonds and was released.

E. P. Blinigan, president of the company, swore out two warrants charging Cornell with felon embezzlement. While the unraveling of the tangled accounts has shown a shortage of \$500, further investigation is expected to disclose a total deficit of between \$10,000 and \$15,000.

For several weeks Cornell has been trailed by a Pinkerton detective who gave him no opportunity to leave the city. In the meantime the firm of Herick & Herick was at work on the books. On April 13, after several hours' sweating in the office of the experts, Cornell signed a statement prepared by Lester Herick in which he admitted a defalcation of \$500.

At that time the full extent of the loss was not known, but the preceding day had reached the total until it has gone over the \$10,000 mark and the work is not finished.

What Cornell did with the money he is charged with selling, he said, the detectives, experts and lawyers who have been interested in the case. A good character has been given him by Blinigan so far as delinquent betting and other money wasting devices are concerned. The search for an identity, on which he might have expended large sums, was also unproductive, and it is believed that the money must have gone into his home at 2220 Clay street, where he owns three flats, one of which he occupies. Mrs. Cornell told Blinigan that the flats are her property.

The warrants were based on two shortages, one for \$240 and the other for \$260. These were a pair of notes received from the M. Phillips Co., at Sacramento. While Cornell had deposited the checks he had kept back part of the money.

Cornell has been in the employ of the Pioneer Garage Company for five years. He has three children. Mrs. Cornell is in a nervous state, bordering on a general breakdown.

## WILL HAVE GOOD CITY SIDEWALKS

Council's Street Committee to Warn 5000 Property Owners to Make Repairs

That Oakland will have good sidewalks is a certainty. In view of the action of the street committee of the city council last night, it was recommended that all property owners to give three days' notice to repair their sidewalks. The notification will be done by the street department. About 5000 property owners will be involved.

"At the last meeting of the city council," said Councilman Stachler, "the question arose that if we notified property owners that they must repair their sidewalks, there was no way of enforcing the order. The best way, it was decided, was to give three days' notice. It passed a law which went into effect on May 6, whereby it is only necessary for the superintendent of streets to give the property owner three days' notice to sidewalk."

### Advertise For Bids

If the work is not commenced within the three days the street department can advertise for bids, have the work done, the cost of which at once becomes a lien upon the property. While I believe that there is enough civic pride in Oakland to see that the sidewalks are kept up, the new law makes it easy and where anyone is disposed to ignore the order of the superintendent of streets, compulsion can be used. The way is paved for Oakland to have the finest set of sidewalks in the world."

Notification will be sent out after the meeting of the city council next Monday night.

## WESTERN PACIFIC RUSHING WORK

Operation of Regular Trains Expected to Commence on Line by July

FRUITVALE, May 11.—The finishing touches are being put on the roadbed of the Western Pacific Railroad at this place and throughout its course eastward. Several hundred men are at work ballasting the track with gravel being hauled from the pits owned by the railroad near Niles. Work, it is believed, will be finished on the road by July 1, and it is believed that the operation of regular trains on the line will commence early in that month.

It is understood that the station buildings will be commenced at Fruitvale next week and rushed to completion as soon as possible. The completed work is being done on the buildings at Hayward, San Leandro, Elmhurst and along the line. They are of the Mission style of architecture, and attractive in appearance.

## 75 ORPHANS TO PLAY IN BENEFIT ENTERTAINMENT

FRUITVALE, May 14.—Much interest is being evidenced in the benefit entertainment, which will be given by the children of the Pied Plover Orphanage of this place at Fruitvale, Friday, May 13, and a large attendance to the affair is already assured.

The seventy-five children of the orphanage will make up the entire program, which has been arranged by Mrs. M. A. Bond, musical director. A surprising degree of talent has been developed in the youngsters, and the entertainment promises to be one of the affairs of the season. All who have children of their own especially will be interested in what these fatherless and motherless tots have accomplished under the supervision of their preceptors, and it is expected that the hall will be packed to its utmost seating capacity.

## Extraordinary Sale of Suits

**\$25 and \$30 Suits at \$13.95**

This statement may seem absurd, but an examination of these garments will prove that we are stating facts. The story behind this extraordinary offer is as follows: A few days ago we received a shipment of suits from a New York manufacturer, including goods that we had ordered and amply of new styles. As the season is now so late suits should have arrived here weeks ago, so we wired the manufacturer, or, stating that we would return the goods. He wired back, asking what it was worth to us. We made him an offer, he accepted, and you see the result, at \$13.95.

The suits are well made, stylish and include all colors. Owing to the extra special price alterations will be extra.

IN SAN FRANCISCO SOCIETY

SAN FRANCISCO, May 14.—On Tuesday evening a performance is to be given at the Garden Theater, San Rafael, for the benefit of St. Paul's Episcopal Church. Miss Inez Dibblee, who claims Santa Barbara as her home, is a wonderful danseuse, quite equaling Miss Phipps, and she has consented to dance quite a number of society people in the city are making up parties to cross the bay on that evening. The patronesses are Albert Dibblee, Mrs. George H. Ward, Mrs. Frank Johnson, Mrs. John B. Smith, Mrs. William Taylor and Mrs. Alexander Soble.

Mrs. Charles Peters, Mrs. Robert J. Woods and Miss Elizabeth Woods left this afternoon for Monterey, where they will occupy the home of Mr. and Mrs. Charles Peters Jr. during their absence.

Mr. and Mrs. Edgar Wilson and their attractive daughter, Miss Maud Wilson, will leave town the 1st of June, and as has been their custom for several years past, will spend the summer at Belvedere. Their country home is one of the most delightful places that is to be found near San Francisco, and is always the scene of many jolly entertainments.

Among those who were at the dock yesterday to bid "bon voyage" to Mr. and Mrs. James Fletcher were Mrs. Simon Wenban, Mr. and Mrs. Charles Merrill, Mrs. Flora Mages, Mrs. Leonard Hammond, Miss Ethel Dean and Miss Merritt Rold. Mr. and Mrs. Fletcher sailed for Yokohama, where they will make their home, and genuine were the expressions of regret at their departure. Mrs. Fletcher was Miss Carrie Mills until

She was the cynosure of all eyes at a reception recently given at the St. Francis Hotel in a gown of purple Dantelotte satin embroidered in self-tones, with long net sleeves and the bodice cut square. An enormous straw hat, covered with pink roses, completed

his charming costume. It is a pity to be regretted that Mr. Fletcher's business necessitates his presence in Yokohama.

Dr. and Mrs. William Boerleke and their attractive daughters, Miss Dorothy and Miss Ruth Boerleke, have moved their residence in the city and are occupying their beautiful home in Hill Valley. These two popular girls

is a delightful addition to the company of young people who are making Miami Valley decidedly gay this season. Miss Annella Simpson and the Misses Marie, Isabel and Helena Brewer are already established there. Mrs. Randall Hunt and the Misses Floride and Natalie Hunt expect soon to occupy the pretty summer home they have rented for the summer.

Mrs. Willard Brown was hostess at a prettily appointed dinner, which she gave at her home on Wednesday evening. The dinner, although informal, was none the less enjoyable.

VALENCIA'S LEADING MAN

Second Tangle in Matrimonial  
Affairs Likely to Cause  
a Sensation

Appropos of the second shattered romance of the George Whittell, Jr., formerly of Alameda, who was divorced in San Francisco two years ago and now in New York, where Mrs. Whittell, announces that the wife of the actor is stronger than the incentive to take up the matrimonial yoke with her former husband, she has decided to remain single. That James K. Hackett, together with his beautiful wife, Mary Manning, and Robert Warwick, who was formerly popular Mrs. Alice Peck (then of Chicago), are all to be brought into the second Whittell tangle, which is reported to be every whit as sensational as the original difficulties and resulting divorce of the young couple, which rendered safety breathless on both sides of the bay out here.

Then Warwick Appears

Whittell, Jr., is the only son of George Whittell, owner of the Whittell building in San Francisco and an immense amount of Alameda county property. He is now in the East, where he is trying to pull up his boots. The actress, before their marriage, to forget their differences and wed him again, had consented to marry him, and were sent out announcing the second nuptials for next month. Then—and gossip grows plink and glint—Mrs. Whittell, who was playing an important part in the Victoria Theater in San Francisco, and who is Mrs. Robert Peck (his husband in real life, turned up in an amusing article in the Herald), there was a meeting, so the story goes, and now the Whittell marriage is off. Mrs. Whittell has announced to the public that she much prefers the stage to domestic felicity.

Due to the general confusion a divorce suit is pending between the Hacketts and Hackett has subpoenaed Warwick in California. It is believed that Hackett in her complaint names a Chicago woman. Rumor says it is Mrs. Helen Smith, a sister of the actress. It is believed that the Whittell family, who maintain that because of the failure of the first marriage, she is living in her father's home. It does not seem that her relations with her actor husband are not of the pleasant.

Fails to Call on Wife

Meanwhile, Warwick has been in Chicago since Wednesday, noon, but so far has failed to pay a visit to his wife and six-year-old daughter at the Peck mansion in the city. He is believed to have state today that Mrs. Helen says she did not know he was in the city. There is a consideration in the fact that Mary Manning and Warwick are both at the Congress Hotel. Miss Manning, who is said to be the actress's sister, said last night that she had not seen Warwick and did not know where he was in the city. Ferdinand W. Peck, Jr., brother of Mrs. Helen, was shown a dispatch yesterday which said that Mrs. Helen was with that of Mrs. Whittell.

Denies All Knowledge

When told that she was an actress and the former wife of a San Francisco millionaire, Peck said: "I do not know anything about Warwick's connection with the case, for the name of Whittell has never been mentioned in my family. I do not believe my sister knows any more about the woman than I do."

Warwick is now in Chicago, is he visiting with Mrs. Helen? he was asked. "Mr. Warwick has not been here for years, and he has not been in Chicago except for a few hours when passing through the city. No, he never comes out to this home."

Warwick was formerly connected with the Valencia Theater company of San Francisco. It is believed that he and Mrs. Whittell were much together and the handsome woman, in the actor's company, was a fashionable figure at the most fashionable of local cafes.

Warwick's wife and child were not in San Francisco during his engagement there.

**WHEN PRESIDENT  
PRESSES BUTTON**

Starts Seattle Fair, Unfurls  
a Camera and Unfurls  
Big Flag

SEATTLE, Wash., May 14.—When President W. H. Taft presses the golden key in the White House at Washington which will flash across the continent the signal that the Alaska Yukon-Pacific exposition is officially opened, the electric impulse will open the shutter of a camera, focused on Exposition President J. I. Chaffin, and the group on the platform at the exposition. The same current will unfurl a flag.

As the camera takes a snap shot of the head of the exposition and the group of potatoes, an electric circuit will start whistles blowing. These whistles will indicate that President Taft has come to the fair and other whistles will join in the noisy chorus.

President Taft will press the key at 1 o'clock in the afternoon of June 1, 1909, which will be 12 o'clock noon Seattle time.

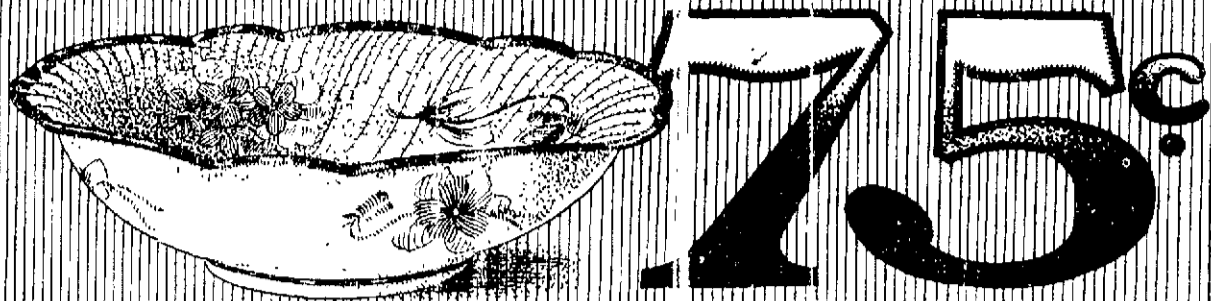

**REPAIR BILL FOR HEALTH  
BOARD'S AUTO HELD UP**

The auditing and finance committee of the City Council last night held up the bill of the Board of Health for repairs to the automobile. It appears that the amount employed by the Board of Health, between the dates of April 5 and April 21, consumed \$72.35 worth of repairs.

"I know something about automobiles," said Councilman Elliot, "and I think that bill is exorbitant. According to the bill there were three oilings, 10 punctures and one blowout in about 21 days. That is too much."

Chairman Ellsworth agreed with Elliot and the bill was held up. It was presented by Maryland, Pearl & Ellington, and was attested as correct by Health Officer Ewer and Secretary Parker.

Threatened With De-

RAWHIDE, Nev., May 14.—What looked for awhile to be one of the most disastrous fires that has ever visited this camp broke out shortly after midnight in the California Beer Hall in the north end of town, the portion of the camp that was saved in the conflagration of September 1 of last year. For a dozen times the Nevada Hotel was saved from destruction and the guests of that hostelry poured out into the street in midnight attire. The fires of two women were in part in their slunk just behind the beer hall and were rescued by the firemen. The Nevada Hotel was in danger from the flames a dozen times, but the efforts of the firemen, notwithstanding that a strong wind was blowing, confined the damage to two buildings. At one time

## NO SHRINE FOR OAKLAND NOBLES

Proposal Is Defeated By a  
Vote of 333 to 90 at Last  
Night's Session

The Shrine have refused, with a finality which tortals the plan just at present at least, to give to Alameda county, which represents a thousand or more members, a shrine of their own. So reads the edict, and Oakland Nobles will have to continue to worship at Islam Temple in San Francisco. The matter, which has been brewing for some time, was brought to a crisis at a meeting of the fee wearers in Golden Gate Com-

munity hall last night, when the petition for an Oakland temple was denied by a vote of 333 to 90.

It was proposed to remove Alameda and Contra Costa counties from the jurisdiction of Islam temple with Oakland as the chief zealous spring, but the petition met the safe fate as several others for the same thing which have been submitted during the last few years. The exceptionally large attendance attested the great interest that was taken in the proposition.

## RUMMAGE SALE RECEIPTS TO SWELL CHARITY FUND

Atties are being rummaged and there is a great going over of rag bags, family relics, last year's clothes and old trunks to provide merchandise for the rummage sale of the Woman's Alliance of the First Unitarian church which will be held Thursday and Friday afternoon at the corner of Sixth and Clay streets.

The women of the church are working hard for the success of the enterprise, and the rummage sale will be a great help to swell the Alliance charity fund.

Much of the old clothing will be sold outright and when the real business of the afternoon is over, tea will be served in the vestry room of the church. Sale articles are now being received by the rummage sale committee and are all contributions will be gratefully accepted at the church or the warehouses on Sixth and Clay streets.
